Anit-Mould Additive

Description
Protect against mould when decorating. Additive for emulsion paint, wallpaper paste, plaster, mortar for immediate and long-term protection against mould and microbial infestation, particularly where there is thermal bridging and problem areas with unfavourable humidity conditions. Also for treating the subsurface. Prevents the formation of mould, moss, fungi and algae.

Effect:
Immediate and long-term protection against mould and microbial infestation by subsequent addition to water-based building materials. Prevents mould, yeasts and algae formation.

Application:
For dispersion paints, wallpaper paste, filler and grouting compounds and similar water-based building materials.

Direction of use:
Dispersion paints: Add 25 ml per 1 litre of paint and stir well.
Wallpaper paste: Put 250 ml into the mixing water per pack of paste and stir in.

Important:
Always check first for product compatibility. Prepare a sample amount in dispersion paints. The original consistency must be maintained, the paint should not thicken.

Consumption:
Depending on the material used, 1 litre is sufficient for 40 litres of paint

Technical Informations
- Density: 1.0 g/ml
- PH: 6.0-7.5
- Colour: clear liquid
- Smell: neutral

Safety instructions
Irritant
Irritating to eyes and skin.
May cause sensitisation by skin contact.
Keep out of the reach of children.
Avoid contact with skin and eyes.
In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
Do not empty into drains.
Wear suitable gloves.
If swallowed, seek medical advice immediately and show this container or label.
Use only in well-ventilated areas.

Packing unit
1000 ml-bottle (4 per box)

There is a huge diversity of application conditions and areas of applications of our products. Therefore, we can only give general instructions for use in the product information concerned. They can and shall only give general advice. Check and adapt the use of the products to local conditions and the surfaces to be treated. Always pre-test the products on an inconspicuous area in all cases of doubt or in absence of experience. We would be happy to offer you advice if you have special requirements.

We shall only be liable for incomplete or incorrect technical data in case of gross default on our part (willful misconduct or gross negligence).
